Education

Computer Science and Engineering 2022 – 2026
Adama Science and Technology University Adama, Ethiopia

GPA : 3.3
Related Coursework : Data Structures and Algorithms, Machine Learning, AI, Object-Oriented Programming

Professional Experience

Intern 07/2024 – 09/2024
AFRICOM Technologies & BPO Services Addis Ababa, Ethiopia

- Developed a contact management system that supports user authentication and authorization, including third-party login via LinkedIn credentials. This system allows users to send invitation links to selected contacts, enhancing engagement and communication.
- Developed a web scraping project that accurately extracted real-time currency data from a bank's website using the XPath model, ensuring precise targeting of HTML elements and reliable data retrieval.

Intern 07/2025 – 09/2025
Maedot Educational Technologies PLC Addis Ababa, Ethiopia

- Implemented a fully responsive grocery delivery website frontend using React, featuring a dynamic and intuitive component-based UI.
- Enabled seamless browsing, category-based filtering, and real-time cart updates, ensuring smooth navigation and optimized performance across desktop and mobile devices

Intern 06/2025 – 09/2025
Icog labs Addis Ababa, Ethiopia

- Developed an AI assistant using LangChain, TF-IDF embeddings, and Google Gemini for conversational chat and document-based Q&A, with smart retrieval, memory, session management, and source citation support.
- Implemented a Hopfield Neural Network for handwritten digit pattern storage and recall with noisy-input error correction using MNIST.

Projects

Real-Estate-Marketplace 09/2025 – 11/2025
A modern, responsive full-stack real estate marketplace built with the MERN stack, featuring JWT authentication, Google OAuth, Redux Toolkit, and protected routes.

Hospital Website 04/2026 – 08/2026
Developed a fully responsive hospital website for Grand Bishoftu Hospital, focusing on user-friendly navigation, and a modern healthcare design.

Forever E-commerce 03/2026 – 05/2026
A modern e-commerce platform that allows users to browse products, search and filter items, view detailed product information, add products to a shopping cart.
